Penrith Information

The City of Penrith is located approximately 55 kilometres west of Sydney's Central Business District and is on the western outskirts of the Sydney metropolitan area.

The city is fortunate to be situated on the Nepean River and at the foothills of the famous Blue Mountains, a designated World Heritage Area.

Being situated on the Nepean River and having the Blue Mountains as its backdrop, is a vital part of its character and one that distinguishes it from the rest of metropolitan Sydney. The river forms the western boundary of the city and the Penrith Whitewater Stadium is only 5 minutes from the heart of the Penrith Central Business District.

Airports, Trains & and roads all lead to Penrith

Penrith is one of the most densely populated areas in Sydney, with a good level and quality of transport to

and from the centre of Sydney.

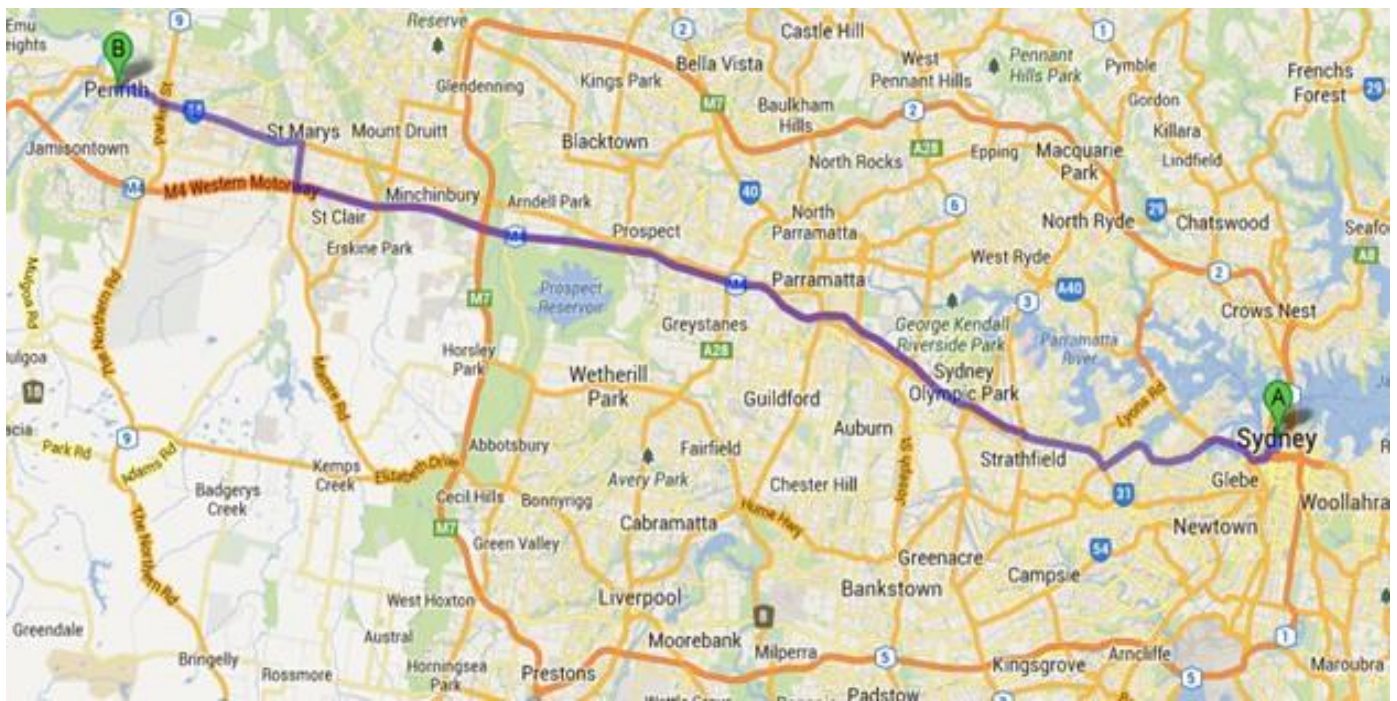

Airport – The Sydney International Airport is 70 km east of Penrith.

Travel from the airport to Penrith is accessible by direct train, bus or car. Sydney airport information:

www.sydneyairport.com.au

Train – Penrith has its own major railway station that links directly to and from the city. The railway station is approximately 5km away from the Penrith Whitewater Stadium. More information at www.transportnsw.info

Roads – The road link from the city to the western suburbs is again easily accessible. Major roads such as the M4, M7 and Great Western Highway all link the Central Business District of Sydney to Penrith.

Penrith Information cont.

Weather in October

- Average temperature high 26° / low 14°
- Average monthly amount precipitation is 54mm
- Average daily wind speed 18 km/h
- Average daily relative humidity 60%

Local Attractions

Penrith is a hub of fun things to do and interesting places to go in Sydney.

Situated at the foot of the Blue Mountains and only a 50 minute drive from the centre of Sydney, Penrith is the perfect place to challenge yourself, explore the outdoors, learn something new, tantalise your taste buds or visit Bondi Beach.

Penrith Whitewater Stadium Information

Penrith Whitewater Stadium (PWS) was the competition venue for the Canoe/Kayak Slalom events during the Sydney 2000 Olympic Games.

The construction of the Stadium was a joint venture between Penrith City Council, the International Canoe Federation (including Australian Canoeing), and the Olympic Coordination Authority.

The course has been constructed using a combination of both natural and man-made materials to recreate the characteristics of a natural white-water river.

Water is drawn from the nearby warm-up lake by six 300kw submersible pumps. Each pump delivers 2,800 litres (2.8 cubic metres) of water per second to the start pool at the top of the course.

The river flows 12 cubic metres of water per second on 4 pumps. The channel itself is concrete and varies in width from 8 metres to 14 metres. It is 320 metres long, drops 5.5 metres top to bottom and its constructed in a "U" shape. A moveable obstacle system makes it possible to change the whitewater features.
